

## NAMIENG Curved belts

### Technical Application

Curved belts on cylindrical or tapered roller bearings. In addition to the curved belts with traction on springs or bearings, we now manufacture also a new curved belt for special purposes. Fields of application :

- ◆ food
- ◆ beverage
- ◆ chemical industry
- ◆ pharmaceutical industry
- ◆ health care industry

Products typically conveyed :

- ◆ unpacked products
- ◆ thermoformed trays
- ◆ open trays
- ◆ flexible packages by horizontal and vertical packaging machines
- ◆ shrink packs
